PUBLIC REMARKS/COMMENTS

A resident addressed the Board regarding his recent water and sewer bill, noting that it was significantly higher compared to the same period last year. He stated that he had no concerns with the amount charged for water usage but believed the sewer usage amount must be incorrect. He mentioned that he has seen how other municipalities address similar issues and would like to share suggestions with the Town Board. Supervisor Maerten encouraged him to email his suggestions and stated that he is open to reviewing the information.

Another resident spoke about the same concern. He acknowledged using water for filling his pool and for irrigation but pointed out that it is unreasonable to assume all of that water enters the sewer system. He stated that his bill for the same period last year was approximately \$200, whereas it is now over \$800. He expressed that this increase seems excessive and unfair and asked that the Town Board explore possible solutions to address the issue.

No further public remarks or comments were made.

Supervisor Maerten announced the following upcoming meetings:

- Town Board Work Session: Scheduled for November 24, 2025, at 7:00 p.m.
- Town Board Regular Meeting: Scheduled for December 8, 2025, at 7:00 p.m.
